Hi Barbara:

Attached are the list of personnel authorized on the web portal and their respective folder access. As of now, POHA personnel and all community relations personnel just have access to the Final Documents folder.

Carlos recommended that if the POHA attorney is asking you for draft documents then you can share them with her as an FYI. Also, if she submits a formal FOIA then whatever is in SDMS we'll send (however fyi, there's no draft watershed, technical, or legal documents in SDMS to my knowledge).

Also fyi: Charles has no plans to open the working documents folder to anyone else but HC (based on the EPA/HC MOU and direction from Sam to include HC). There's also no plans to require draft watershed, technical, or legal documents in SDMS as well.

Would you please identify the trustees (entity names and individual contacts) and any other entities that are currently receiving draft documents in this matter? Thanks very much.
